TO WHOM IT MAY CONCERN

This is to confirm that **Doctor Dirk Grothuesmann** has been working at my hospital from August 15th, 2011 to February 15th, 2012.

During this period, Dr. Grothuesmann was the Senior Obstetrician Gynaecologist in charge of the Maternity and Gynaecological department of my hospital. While he was working with us, he was also residing at the hospital and on call 24 hours a day, seven days a week, in order to be available to respond to any obstetrical emergencies immediately as they occurred.

During the six months that Dr. Grothuesmann has been working at my hospital, I cannot adequately describe the level of efficiency, dedication and strong sense of professionalism he gave to the patients. Dr. Grothuesmann is a senior, very well experienced and hard working doctor and surgeon. I can honestly say that he was the best we had ever had during the ten years that my hospital has been functioning.

Dr. Grothuesmann is a very caring person who was much loved and appreciated by the patients he treated and the junior doctors and students who he supervised, guided and who worked with him

Although we are all very sad to be losing him, I do understand that he has professional goals and commitments that call him away from us.

It is, therefore, without the least hesitation that I am giving this letter of recommendation and appreciation to him for all that it may be worth because Doctor Dirk Grothuesmann will always be welcome in our hospital, home, and country.

With sincere thanks from all of us at the Edna Adan University Hospital

Mrs. Edna Adan Ismail
Hospital Founder and Director
